Re: Administrative Conference
Case Nos. DOW 99069 & DOW
02178
Boone County, Kentucky

Dear Mr. Finke:

On April 5, 2002, and April 11, 2002, your company was cited for violating Chapter 224 of the Kentucky Revised Statutes, which prohibits the polluting of the waters of the Commonwealth.

Because these violations are significant, it has been determined that an Administrative Conference is necessary to discuss methods for bringing your facility into compliance with the water quality regulations. Since this will be the only opportunity you will have to informally settle this matter, and since a civil penalty assessment is likely, please bring any technical assistance you believe necessary.

If a resolution of this violation is not obtained, this matter will be referred to our attorneys at the Office of Legal Services for formal legal action. Should this become necessary, the Division will seek full and total resolution, which will include the maximum penalties allowed under the above-cited statutes. If you choose to bring legal counsel to this conference, please notify this office a minimum of one week in advance of the conference in order for the Division of Water to have legal counsel present in accordance with Cabinet policy.

Therefore, in order to resolve this issue, an Administrative Conference has been scheduled at my office, on August 27, 2002, at 10:30 a.m. EDT. Should you have any questions regarding this correspondence, please contact Robert G. Sparrow at (502) 564-3410, extension 659.

Sincerely,

Phillip A. Broomall, Supervisor
